

# PARK CAMPUS TEAM MEMBER

full time residential position

We are looking for a caring, flexible and reliable person with a passion for living and working at the Park.

You will need an in-depth knowledge of the Park environment, good people skills and an ability for both teamwork and self-direction. Ideally the chosen candidate would be literate in Google Drive and have good general computer skills.

## RESPONSIBILITIES

- **FOCALISING** co-worker accommodations and allocations
- **ORGANISING** community rotas
- **DEVELOPING** specific projects, for example creating an energy management plan in collaboration with professionals

Because we are starting the process of designing and building new staff/guest accommodations and offices in the Park, an important area of your work will be to support the Environment Steward in this project, including dealing with professional people from outside the Foundation.

The position needs to be residential, starting immediately. It's open to present and former Foundation Staff or Senior Leaps. You will be trained in all of the Park Campus Team tasks.

- **LIAISING** with Foundation departments and the wider community
- **GENERAL SUPPORT** for the Environment Steward

CV and cover letter to Iris at
