New Sanctuary Survey S3 & S2 Results Overview

The following slides summarize the Responses received from Surveys S3 and S2 conducted (as part of a series of surveys) in October, November and December 2021 by Findhorn Foundation Development Committee – known as DevCom.

Respondents to Survey S3 were invited through the mailing lists of Findhorn Extended Members, Findhorn Fellows and Resource People.

Respondents to Survey S2 were invited through the mailing lists of Findhorn Foundation Coworkers, NFA, THA, NFD, Community Care Circle, Collaboration Circle.

The purpose of the research was to obtain information about what people value most about The Park’s Main Sanctuary. Responses were collected on Google Forms, with individual responses kept private and confidential. These results are aggregated responses from 87 respondents for S3 (shown on right of slides) and 149 respondents for S2 (shown on left of slides). The numbers of responses to each question are indicated on the slides. (Not all respondents responded to each question.)

The intentions of this research project are to contribute to a better understanding of designing buildings in The Park and/or of designing a Community Master Plan. (Thanks to Maria Cooper for assistance in analysis of S3.E.4.)

When we are considering the design of a New Sanctuary it can be more utilitarian (which will likely cost less and be able to be built faster) or more iconic (which will likely cost more and will likely take longer to build). Indicate your preference for the design style of the New Sanctuary. (1=Modest, 7=Iconic/High)
7. How important is it to streamline and expedite the process to have the New Sanctuary planned and/or completed by the date of 60th birthday (Nov. 17, 2022?)

[Bar charts showing responses to the question]
Thinking back to your use and experience of the Original Main Sanctuary, what solutions to challenges would you like to see implemented? (Mark all that apply.)

Qualities of the new sanctuary: simplicity, beauty, natural light, humility, circular, young, vibrant, graceful, embody love, time-less

Function of the new sanctuary: holding the importance of regular meditation, anchor the essence/core of Findhorn and clarify our values, be at the heart of our community and everyday life, re-learn attunement, re-alignment/link with other sanctuaries in the Park and nearby, online meditations, times specifically for youth to use

Meaning of rebuilding the sanctuary: renewal, rebirth, transformation, new vibrations, love for all, fresh energy, uplifting, world evolution, paradigm shift, resilience, reconciliation, part of the network of light

Process of rebuilding sanctuary: Use attunement/meditation/listen to spirit/energetic elements, involve community as much as possible, trust and let it unfold, start soon, money will come, online meditations to support reconstruction, don’t be limited or try to please everyone, have rituals to ground the energy from original sanctuary in the new, take time, have workshops

Outside the box: Use a surveillance camera, build a 2 storey building
